Specifically, Respondent concedes that Petitioner "has satisfied the criteria set forth in the Vaccine Injury Table (Table) and the Qualifications and Aids to Interpretation (QAI), which afford petitioner a presumption of causation if the onset of GBS occurs between three and forty-two days after a seasonal flu vaccination and there is no apparent alternative cause." *Id.* at 9. Respondent further agrees that Petitioner has suffered the residual effects of her condition for more than six months and all other legal requirements have been met for compensation under the Act. *Id.*
